

THE KEYHOLE GARDEN

Wednesday, September 13, 10:00AM
Kimberling Area Library Community Room
45 Kimberling Blvd, Kimberling City
417 739-2525, kalib.org

MG Marva Ramsey will be discussing this unique type of raised bed gardening. Popular in Africa, the keyhole garden is especially adaptable to hot/dry areas. Marva is an enthusiastic supporter of this concept and designed the keyhole garden in the MG project gardens at the University Extension in Forsyth. Share time with her for this last gardening program of the 2017 season at KAL.

Everyone is welcome for this free event, no registration required. Come and join the discussion.
